

zero hood

Code: TZH

Sizes available	One size
Quantity per pack	1
Quantity per box	100

Zero hoods help maximise worker efficiency and safety in cold and wet weather conditions by protecting against heat loss through the heat, ensuring alertness in safety critical environments.

Description

Grey cotton outer fabric with brushed cotton lining. Unit consists of zip-off zero hood cap and knitted cape with button fastening front. 100% cotton fabric treated with durable water repellent finish.

Use

This quilted thermal zero hood is designed to add an additional layer of warmth under your hard hat in the cold winter months. The cotton outer fabric and brushed cotton lining will give extra warmth and comfort whilst the knitted acrylic collar will provide extra protection for your neck.

Use of this winter liner will void the ANZI Z89.1 Class B (high voltage) rating of a hard hat.

This winter liner is made of flammable material, DO NOT use around open flame sparks or molten metal. A flame retardant zero hood is also available from Traverse (TZH-FR)

Obsolescence

The life of this product cannot be specified or guaranteed but depend on use. The suitability of the use of this product is always to be determined by the user.
